

CHROME EXTENSION: ADBLOCKER

This will show you how to add extensions to chrome

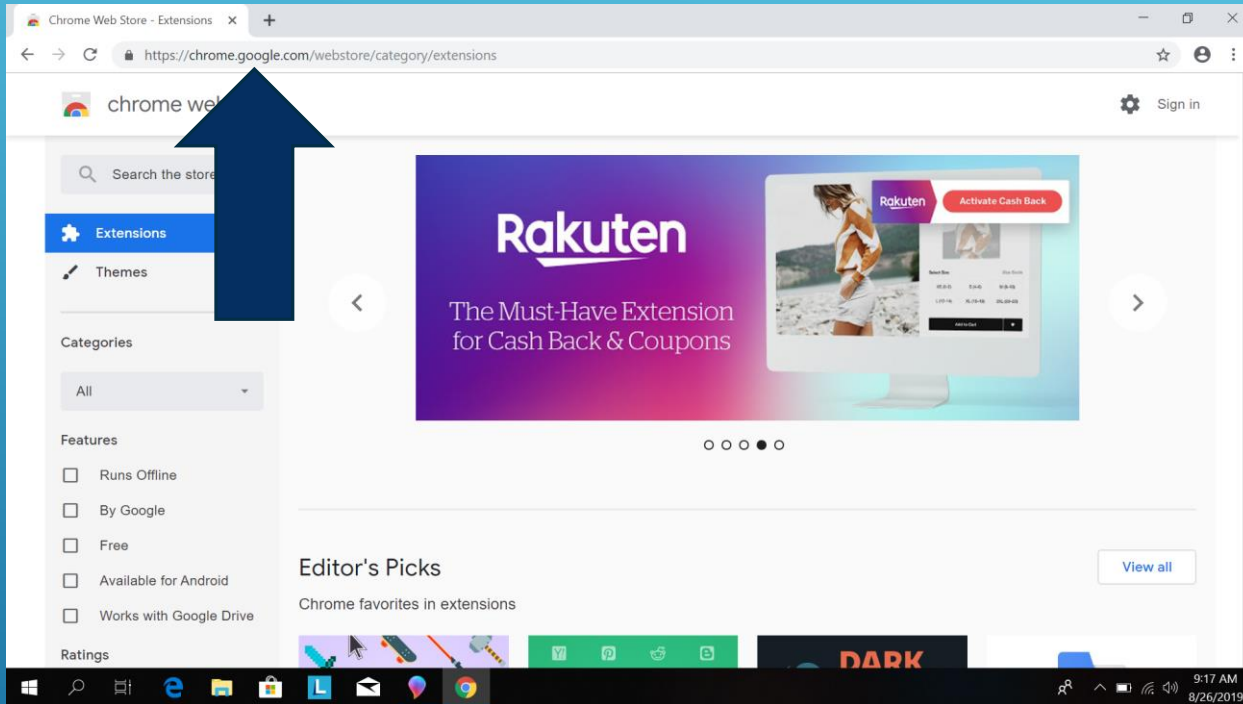

#1

Open Google Chrome

#2

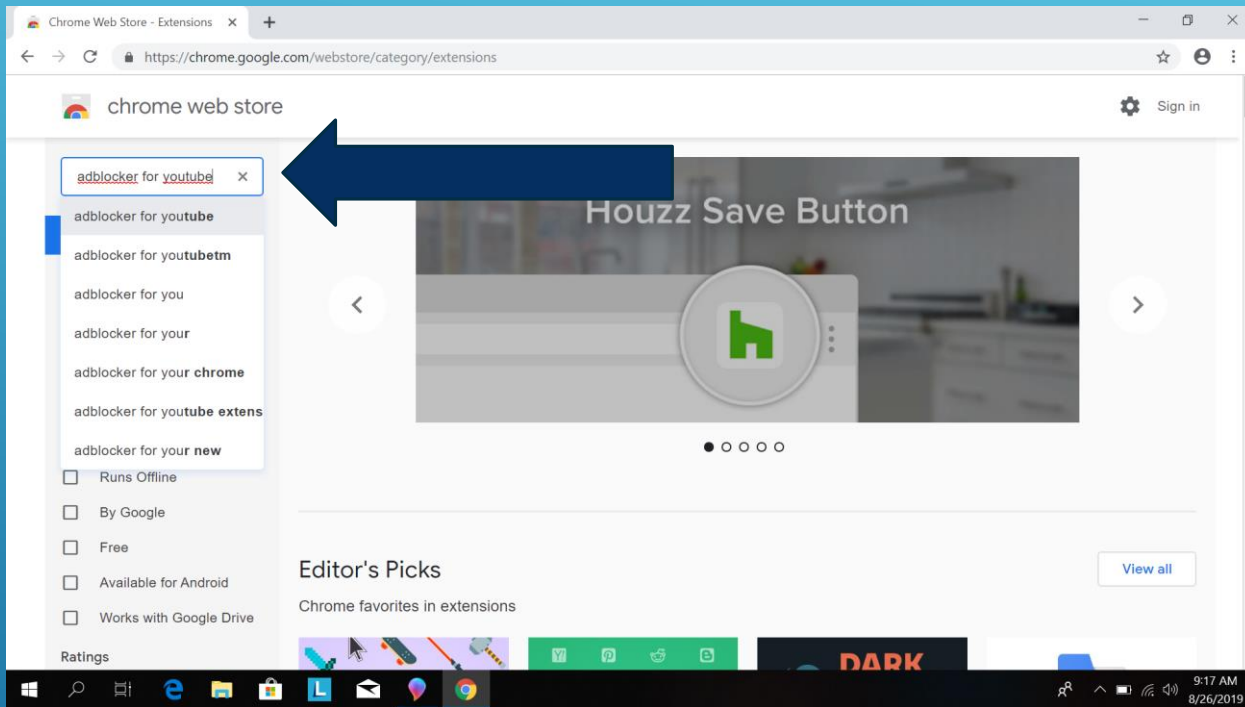

In the navigation pane, go to:

<https://chrome.google.com/webstore/category/extensions>

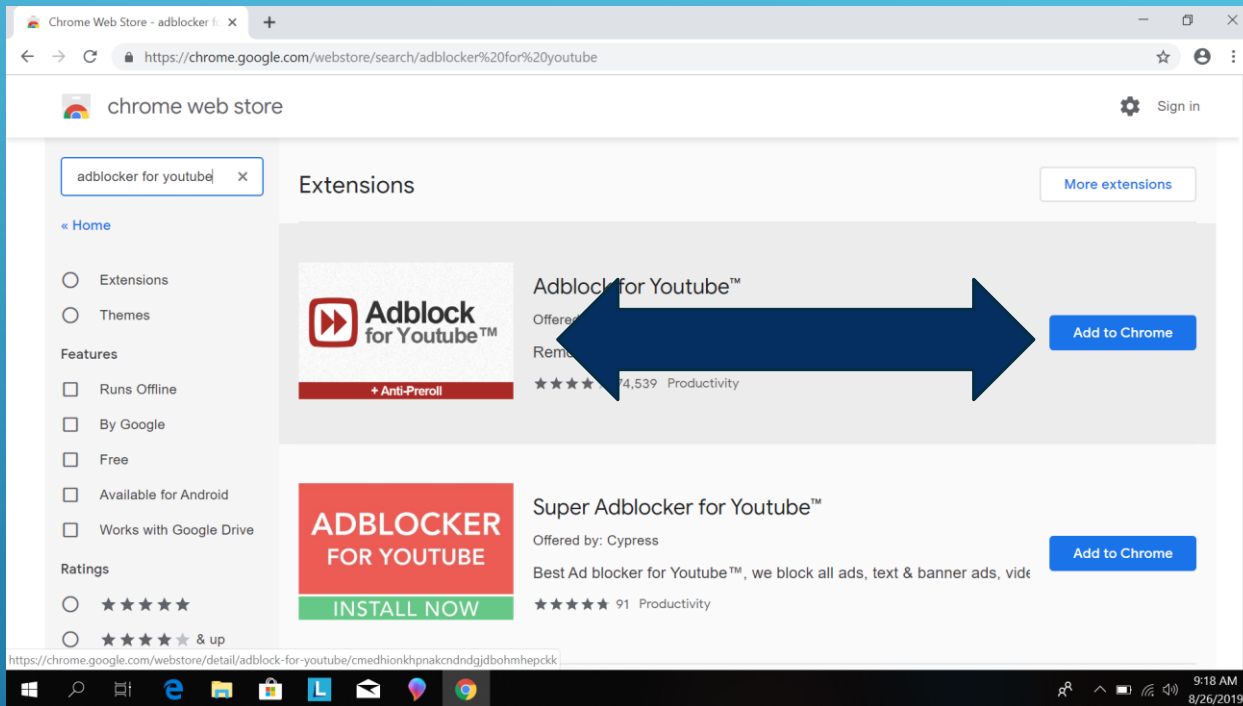

#3

Now go to the search pane on the site, and type in adblocker for youtube then hit enter.

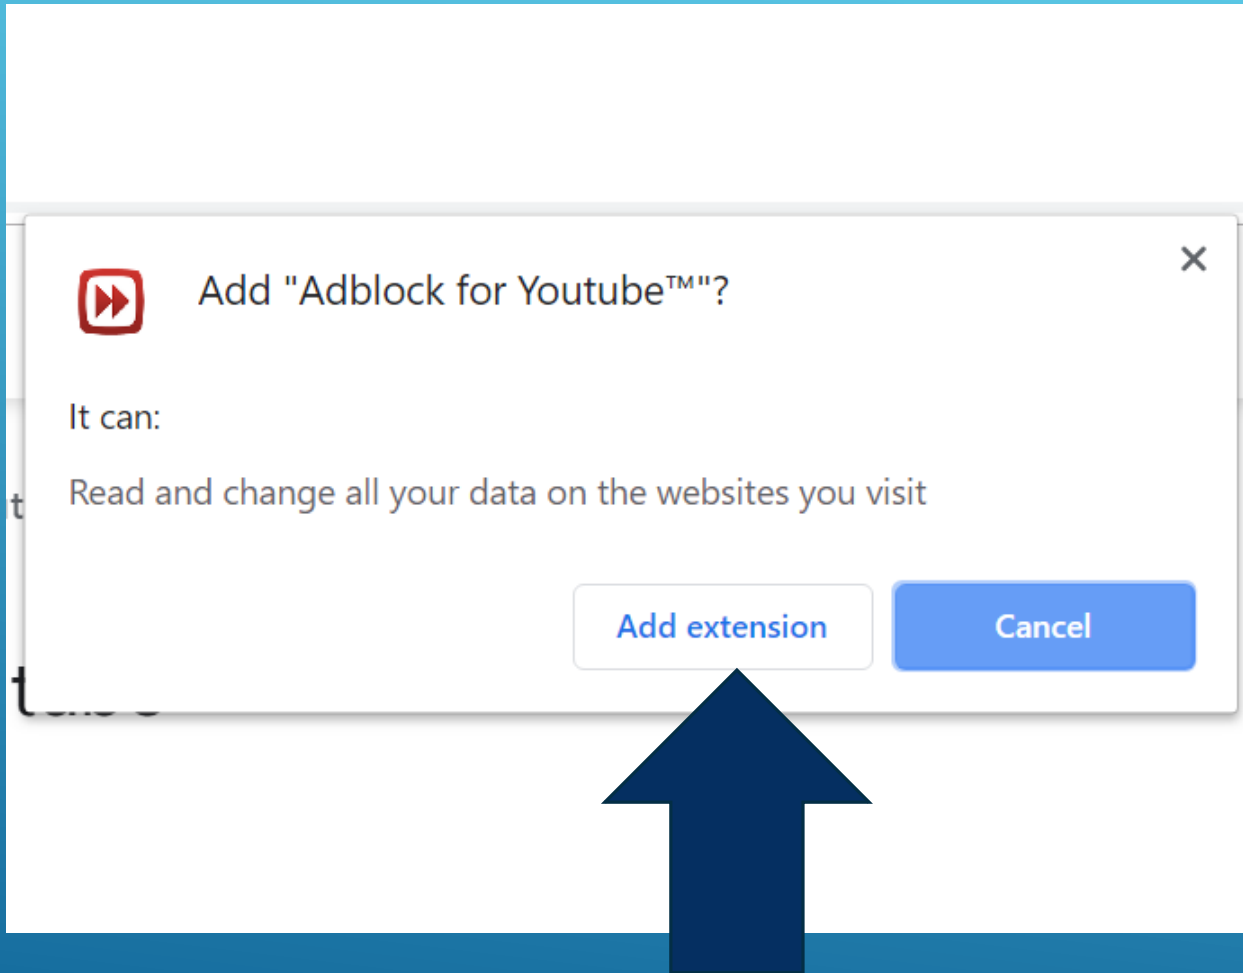

#4

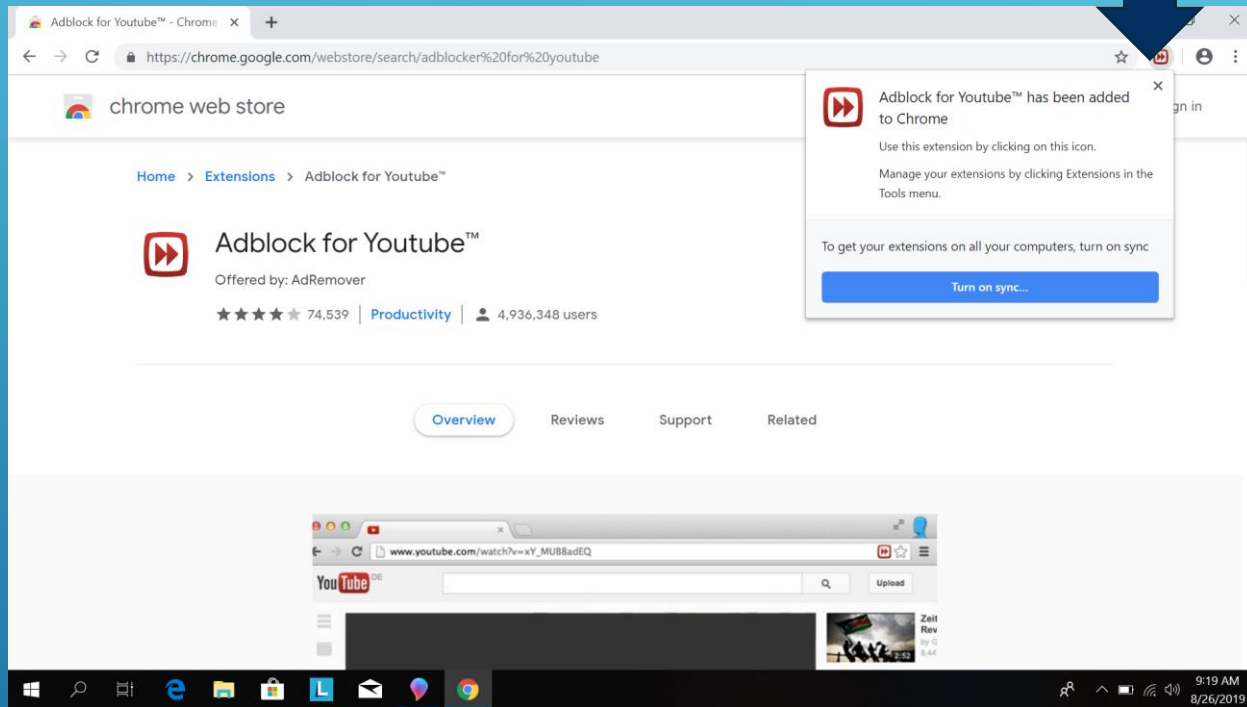

Make sure you click on the extension shown, then click add to Chrome.

#5

You will get a pop-up that asks if you want to add this extension. Hit, add extension.

#6

If you are not logged into chrome with a personal account, it will ask if you would like to. You can close this pop-up.

ALL DONE!

▶ Now you can enjoy youtube without those pesky ads.
